

SKY LOG LTD

Sky Log LTD is one fast growing Bulgarian company, whose activities are strictly focused on international transport and logistics, where our clients` and partners` needs and requirements are most important for us!

The qualification and professional experience of our team combine the innovations with the reliable methods of transportation to create high quality product based on the specific needs of the client.

Sky Log LTD is offering the following services to its clients :

- Sea Transport – FCL and LCL
- Air Transport
- Road Transport
- Charter Flights
- Customs Formalities
- Seaport Operations
- Cargo Insurances

-Sea Transport

We organize container transport by sea through Varna, Burgas, Thessaloniki, Piraeus and Constanta. We can offer to our clients full pack of services for import and export for both FCL and LCL shipments.

-Air Transport

In the sphere of Air Transportation we are one of the leaders on the Bulgarian market. Our strength is the regular import from the far east : China, Taiwan, South Korea and Singapore. For Air export services we can offer prices to almost every world's destination!

-Road Transport

In the sphere of Road Transportation we organize complex and groupage loads from and to Europe. Our main lines are UK, Germany, The Netherlands, France, Spain and Italy

-Charter Flights

We can offer Charter flights for almost all kinds of goods to main airports in Europe, Asia, Middle East, Africa, USA, Canada.

-Customs Formalities

We can offer professional customs services at all Bulgarian Customs Departments including customs procedures at Thessaloniki Port.

-Seaport Operations

We offer not only Customs release at the Seaports, but decontainerisation at Varna, Burgas and Thessaloniki Ports for our clients` convenience.
